Profile

"As a web developer, I look forward to transforming ideas into clean code and user-friendly websites. In addition to my degree in Graphic Design and my continued education in Web Development, I bring with me powerful communication skills and a strong foundation in design principles. I seek to work with an innovative company on projects that have meaning and will make an impact."

Projects

Albatross Band Site

Austin, TX
October 2016

Created a static site for the band. Incorporated the bands multiple social media sites into one.

HTML **CSS** **BOOTSTRAP** **JAVASCRIPT**

Petfinder

Austin, TX
September 2016

The main goal of the app was to match people searching to adopt pets within a list of adoptable pets. Used the petfinder api to access a list of pets available for adoption as well as created an API for a list of pets.

BOOTSTRAP **NODE** **EXPRESS** **MONGO DB**

The Lyricist

Austin, TX
September 2016

A simple app to find lyrics to your favorite songs. The app returns the user with the lyrics and the first three matches of the song in youtube.

BOOTSTRAP **REACT** **NODE** **EXPRESS** **MONGO DB**

Experience

9 Rooms Nepal

Kathmandu, Nepal
November 2012

Started and operated a successful bed and breakfast in Southern Kathmandu. Initiated brand and concept, created website, designed policies and procedures, worked directly with guests, handled payments and bookings and managed staff. Managed the business and property.

Albatross

Kathmandu, Nepal
November 2012

Frontman of the band, singer/songwriter. Worked on a total of 3 albums. Played SXSW 2016.
